We've received the attached markup with one of DEP's potential approaches—could you please take a look and let me know your thoughts by midday tomorrow? Upon quick review, it looks similar to what was described in the white paper we received yesterday.

Thanks, Carrie. Yes, Dave has coordinated a meeting with some Florida industry representatives to discuss potential ESA approaches and convey our concerns with the State's proposal directly. I've provided Dave and Matt with a compendium of the documents you all have prepared previously on this, so we don't need anything more at this point. If I learn from Dave that he's planning to ask John Goodin or others from OW to join, I will forward the invite to you all as well. Thanks.

Dave told John Goodin that he is having a meeting on Florida ESA tomorrow, I take it with some industry folks? Just wanted to be sure you are in the loop...and let us know if you need anything.

Thanks.
